The God Dragon Slayer

Chapter 1- The God has Awaken

It was a normal morning for the Fairy Tail gang. Everything seems to be doing well. Natsu and Lucy are still trying to gather everyone up after Fairy Tail disbanded. They managed to find Wendy, Gray, and Juvia. Now they are looking for Erza. What they didn't know though is that up in the skies a fierce foe is on its way.

"Master Abaddon, welcome back from your vacation."

"Thank you Drako and anything happened these past five months."

"Well the first thing is that the dragons have left their dragon slayer apprentices bodies."

"Oh really so why did they leave?"

"To protect this world from the revival of END."

"END haven't I heard that name before?"

"It's been awhile master but let me finish on what I was saying."

"Okay continue than."

"The dragons managed to stop the revival and return back here home and safe."

"Good and have they return to their statue form?"

"Yes but all except for one."

"Who is this dragon that didn't return?"

"It was Igneel sir."

"Hm what happened to him?"

"Well he fought a dragon named Acnologia. He managed to deal a little damaged to him but in the end Igneel lost."

"Acnologia? Isn't he that dragon slayer that turn into a dragon?"

"Yes sir."

"Yeah now I remember. His dragon failed his teaching and now is facing his crimes. I feel sorry for that dragon but it was his fault."

"I understand sir but remember that revival magic?"

"Yes but I'm going to need Zeref for this. Is he still around?"

"Yes he is."

"Good but there is something I must do before we start."

"Than what is it?"

"Since Igneel is dead, his dragon slayer must die as well."

"Why is that sir?"

"Well not exactly kill. I mean by asking for assistance."

"Then you mean help."

"I guess but I have been messing up my words for help."

"Okay master but should I enter your body for this one?"

"Yeah sure maybe we can show Natsu who we are."

(Back to Natsu and his friends)

It was a little dawn outside but everyone decided to return back to Lucy's house for the night. Lucy got out of the shower and once she stepped out. She realized how many of her friends are in her room.

"Guys why do you all have to be here?"

"Come on Lucy. You let this fire breather live in your home. So why can't we?"

"Wait you and Juvia are going to live here?"

"Well our old place seems too messed up so I guess we are then."

Lucy just sighed and walked over to her bed. She got her pajamas on and noticed Natsu is missing.

"Hey Gray and Juvia, have you seen Natsu anywhere?"

"Beats me to know where he went off."

"Juvia knows where he went."

She pointed at the front door and Lucy was surprised to see Natsu for once use the front door. Lucy got up and went outside. She looked around but couldn't see anything due to the darkness.

"Sheesh it got dark very fast."

Then she heard footsteps walking behind her. She didn't move a muscle but it got closer. All of a sudden there was silence. Lucy turned around and nothing was behind her. Then she felt a tap on her shoulder. She look to see who it was and it was a man in a black hoodie.

He asked, " Can you tell me where I can find a boy name Natsu Dragneel?"

"I know him but I don't know where exactly he is."

"Well now Lucy I don't want to use you as bait to find him but I will if he doesn't show up in a few seconds."

"Hey! Just what in the hell are you doing!" shouted a voice from a distance.

Both Lucy and the man looked towards where the voice was and it was Natsu with anger in his eyes.

"Ah so this is the dragon slayer Natsu. It is so good to see you."

"Yeah it is nice but who are you?"

"Well you see here my boy" the man removed his hoodie and began to walk towards Natsu.

"My name Abaddon and I'm too a dragon slayer but a higher level one mostly."

"What's higher than a regular dragon slayer?"

"Well higher than that is a God dragon slayer."

Natsu was a little surprised that a God like him will come to meet him.

"Okay but what do you want form me?"

Abaddon smiled and in a quick flash, he knock Natsu out with one

blow. Lucy got scared and was about to get Gray and Juvia but was too knocked out as well.

"Don't worry you too. I won't harm you but I will need you both."

("Master you didn't quite introduce me to them.")

"Oh I'll introduce them to you but your form is too big for this area so let's do it at home."

Abaddon lifted his hand to the sky and was teleported along with Natsu and Lucy to his home world. At the same time Gray took a step outside and thought he heard someone.

"Um excuse me sir can you please put on some clothes" said a blushing woman.

"Hmâ€|ah crap not again!"

Gray ran back inside hoping nobody except for that woman who saw him naked.

2. Chapter 2

Chapter 2- The Dragon God

Natsu had awoken from his sleep and found himself in a bright white color room. He stretched his arms and wondered where he could be. He got up and noticed his clothes have changed. He did though find his clothes hanging on a chair and so he changed into them.

"Hm weird it feels like they've been washed."

He ignored it and left the room that he was in. He looked around and found that he was in a hallway but a very large one. He started to walk down the hall and managed to get to the end. As he got to the corner he heard some heavy breathing behind him. He turned around and right behind him was a sleeping dragon. The dragon had a gold and white texture on its skin. Natsu didn't know if he should be scared or amazed by the beauty of the dragon.

"Beautiful isn't it" Said a voice.

Natsu looked and recognized who it was.

"Hey you're the guy who knock me out last night. What's the big idea?"

"Oh I'm very sorry Natsu but I should have asked you kindly. By the way my name is Abaddon and I shouldn't have reminded you about my name."

"Okay but why did you bring me here?"

"Well you see Natsu. I need your assistance mostly."

"Help with what?"

Abaddon look at Natsu with a surprised look.

"Well mostly it is to revive a dragon that recently died. Plus you might know that dragon."

"Wait do you mean Igneel?"

"Yes Natsu and I have everything I need to revive him but I need someone who knows a revival magic. So I will be sending you out to get him."

"Who is this guy you're talking about?"

Abaddon gave a not so good look but he said, " That man is Zeref."

Natsu with a shock look in his eyes and no words didn't come out of his mouth. Just then Lucy came in and was surprised to see the dragon behind these two. Lucy thought Natsu was shock by the dragon until Abaddon told Lucy what happened. Lucy was too shock but not as shock as Natsu.

"Zeref is the only one because he knew how to do this kind of ritual. Plus he owes me one. You see a long time ago when Zeref was around. My dragon here was barely a hatchling and he became sick. I didn't know who to take him too so I came to Zeref in need. He manage to cure the dragon and so with my godly magic I made Zeref immortal. I made him immortal for two reasons though. One is that to revive any dragons that may die during my godly rule. The second is to help him finish a project his is working on called END. I didn't cared about that END thing but at least I know what END is."

"Okay but how would we know where he is?"

"Well Natsu, I know exactly where he is so hold still for a while."

Then in a flash he teleported Natsu including Lucy to the location of where Zeref was. Natsu woke up in a grassy land field and a bunch of trees. He looked around and noticed Lucy on the ground right next to him.

"Hey Luce come on I can smell Zeref not far from here."

"Okay but why did he teleported me here with you?"

(Back at Abaddon's home)

"Master you didn't let me introduce myself again."

"Hey I'm sorry but this is very important. So let me get back to mixing the ingredients."

"Okay but was it necessary to bring Lucy with him?"

"Well it is a very long story to say mostly because I can sense the future for these two."

(Back to Natsu and Lucy)

Natsu was running down the woods getting closer and closer to Zeref's location. Lucy was still trying to catch up on Natsu but he was a lot faster than she is. All of a sudden Natsu stopped and Lucy manage to catch up to him.

"Boy Natsu you need to slow down next time. I am nearly out of breath."

No words came out of Natsu and Lucy was very curious. She looked up and was shock to see Zeref standing right in front of them. Zeref was just standing but staring at Natsu. Then Zeref said, " Well it's been awhile Natsu."

"Yeah it has been."

"I heard what happened to Fairy Tail. Very tragic for the master to disband it."

"Who cares, I am bringing Fairy Tail back!"

"Good for you but why are you here and who sent you here?"

"A man named Abaddon sent me here to get you. He said that you know some kind of revival magic."

"Ah I knew he will be back soon. Now it is time for me to do what he wanted me to do."

Zeref grabbed Natsu's arm and a beam of light hit them. Lucy got left behind because she didn't grab hold of Natsu.

"Wait you guys you forgot about me. Forget it I need to change my clothes."

Lucy started to walk towards east.

"I think Magnolia is over there."

Chapter 3- The revival of the Flame Dragon

Natsu and Zeref returned to the home of Abaddon and looked around for him. Natsu was kind of getting annoyed but Zeref gave a wave to

Natsu.

"He's over here Natsu so calm down."

"Sorry, I can easily get annoyed."

"I know that."

They walked to a door and inside of it was Abaddon working on the revival potion. He looked up and was very happy to see the two boys.

"Ah Natsu and Zeref. Good thing you guys are here on time. Now Natsu sit over there while Zeref and I work on this."

"Okay but I can still watch right?"

"Go on ahead just don't get too close it."

Natsu nodded his head and paying really close attention to what they were doing. Abaddon was adding all sorts of dragon items. He added a dragon scale, dragon blood, and a dragon tooth.

"Okay Zeref now for the revival ritual magic."

Zeref nodded and started saying some kind of enchantment magic. Then the potion began to change color. Out of nowhere a big flash hit the room. The flash went away and the potion was glowing a golden aura.

"Yes we did it and all that's left is Igneel's body."

Natsu with a depressed look on his face said, "Well his body is somewhere. The last thing I remember was that it was being lifted up into the sky. Then it disappeared."

"Don't worry Natsu because his body is actually here. My dragon was the one that brought him back here."

Abaddon walked over to a big blanket sheet and pulled it away. Under it was the great fire dragon Igneel. Natsu was shocked to see him but was also holding back his tears.

"It's okay Natsu. But I need you to stand back."

As Natsu did so, Abaddon threw the potion at Igneel's body and the golden aura from the potion flowed around Igneel and it was starting to heal him. His body that got torn up fully restored itself. Then the aura disappeared and silence filled the room. All of a sudden there was heavy breathing going on from Igneel. Igneel opened his eyes, rose up, and gave a big dragon roar. He looked around where he was at and saw Natsu and Abaddon.

"Natsu!?"

"Dad."

Natsu ran to Igneel and gave him a big hug even though Igneel was already bigger than Natsu. Natsu started to cry and Igneel gave him a gentle hug. Igneel then let go of Natsu and starred at

Abaddon.

"Why did you revive me for?"

"Well Igneel I need you and Natsu for a certain mission."

"A mission?"

Natsu was too confused.

"I had a meeting with some of the other gods that are around here. They want me to dispose of Acnologia. I told them I can't simply not because I can only punish the teacher of the dragon slayer. So that gave me an option."

He gave a brightening look and said, " I'm going to teach you a powerful magic that only activates by both the bond of the dragon and dragon slayer.

Natsu said, " What is it called?"

"Natsu it is called Dragon Awakening."

4. Chapter 4

Chapter 4: Bonds

Natsu was very curious about this but Igneel was fully aware of this kind of magic.

"Abaddon, I think Natsu isn't ready for that kind of power. You should try it on someone else."

"It's already too late Igneel. The council agreed on it and you won't know how long it took me to find these ingredients to revive you. Plus it will be a good opportunity to finally defeat Acnologia."

Igneel starts to think about it and looks at Natsu. He then nodded and said, " Fine but if something were to happen to Natsu during this training. I wish to be punished for what I have done."

Natsu was shock and curious on what his father was saying.

"Dad what are you talking about?"

"I'll explain everything to you later but for now let's do this training."

Igneel gave a big thumbs up and smile. Natsu did the same thing.

"Okay! Let's do this together!"

"Excuse me Natsu!"

Natsu calmed down and looked over to Abaddon.

"Okay. Now the training will start in three days so I suggest for you

to head back to Magnolia. Your friends might be worried about you."

"Okay but what about Igneel?"

"Igneel will stay here and catch up with his father."

"His father?"

"And his father is over here" said a humongous voice.

Natsu turned around and it was the beautiful dragon that he saw a while ago.

"Wait you're a boy?!"

"Yes I am and my name is Draco."

"Oh that's an awesome name. Can you tell me how you made the-"

Natsu got cut off by Abaddon because he teleported Natsu back to his home world.

"Master why did you do that?"

"He was asking too many questions that's all."

Igneel chuckled a little.

"What's so funny my son?"

"It's nothing but let me tell you all about Natsu."

(Back at Magnolia)

It was early in the morning and Lucy has just woken up. As she looked around, she felt kind of strange seeing Juvia all over Gray. She ignored it and head over to the bathroom. She got her bath ready and begins to undress. She got in and was wandering if Natsu will return. Then a big flash of light hit the bathroom and Lucy can barely see what's going on. All of a sudden she heard something splash right in front of her. She was a little scared but she felt the water getting hotter. What immerged was a recognizable face. It was Natsu and Lucy was very happy to see him. Natsu noticed Lucy and said, "Oh hey Luce! How are you doing?"

"Well considered being left behind and having to walk over 15 miles to get home. I been doing well."

"Nice but why are you naked?"

Lucy just blinked and screamed. She then began starting to hit Natsu and Natsu just ran out of there. Natsu was breathing rapidly and Gray notices it.

"Glad that your back fire breath."

"Nothing strange ice killer."

Gray just gave a smile and so did Natsu. Juvia woken up and was

surprised to see Natsu return.

"Oh Natsu. You are back already."

"Yeah why?"

"Well Juvia was hoping for another day to be all alone with Gray-sama."

"I told you to stop calling me that and what happened last night wasn't anything special."

"Wait, Gray what happen last night?"

"Well it's a long story so I rather wait for you to find out."

"Fine then."

Just then Lucy step out wearing her usual clothing and was a little annoyed of Natsu.

"Sheesh Natsu why did you do that?"

"It wasn't me. Abaddon was the one who teleported me."

"Fine I guess so. By the way I told Gray and Juvia everything but you have to tell the rest."

"Okay then I will."

Natsu told everyone about what happened after he returned back at Abaddon's home.

"No way your fathers back?!"

"Yeah he is Gray."

"What's this Dragon Awakening?"

"I don't know but Igneel is going to tell me during the training."

"Did you see Juvia's mother up there?"

Natsu, Gray, and Lucy gave Juvia a curious look.

Gray said, " What do you mean your mother?"

"When Juvia was just young, I never got to know my mother but my father told Juvia something about her being a god."

"Well I'll see if I can bring you guys with me then you can ask Abaddon there," said Natsu.

Juvia gave a happy smile. Natsu asked Lucy where Happy went off to.

"Well the last thing I remember was he went with Wendy and Carla."

"Oh okay."

Silence filled the room for a few seconds then Gray said, " Well what do you want to do next?"

"I don't know but maybe-"

Knocking came through the door and everyone was very curious. Natsu got up and answered the door. A man appeared before him and he had a black and red jacket on. He had some black jeans with a silver chain. His hair was fire red color. His face was very different and his eyes were black.

"Who are you?"

"Who am I?"

The man voice seems very familiar to Natsu.

"It's me my son. Igneel."

5. Chapter 5

Chapter 5: The Dragneel Family

"Wait are you really my dad?"

"Yes son it is."

"But why do you look like a human?"

"Well Abaddon gave me back my ability to transform back into my human form."

"So you're telling me that this form is you before you turned into a dragon."

"Of course Natsu."

Natsu just gave a big hug to Igneel and Igneel did the same to him. Igneel looked up and noticed his friends just staring at Natsu.

"Oh Natsu did I interrupted something?"

"No, you came here just on time."

Natsu brought Igneel inside and Lucy was kind of annoyed by it.

"Natsu don't just let a stranger into my home."

"I know Luce but I know this man."

"How in the hell do you know this stupid guy?"

Igneel notices Gray rude words.

"My boy you don't want to anger the fire dragon."

"If you're talking about Natsu, I can deal with him myself."

"Yes Natsu but what about his father?"

Gray couldn't comprehend what he was talking about till the word father echoed in his head. Then it hit Gray right in his cold heart.

"Wait you're his father!?"

"Of course I am."

Gray turned a little pale and a little scared. Lucy and Juvia don't understand what is going on so Natsu told them the whole thing.

"What, are you serious Natsu?"

"Yup."

"So this is his human form before he turned into a dragon."

"You can say that but I hardly know about how dragons work."

Everyone were very shock to see what Igneel looked before he was a dragon. Then Lucy asked, "Igneel how did you turn into a dragon?"

"Well I was mostly chosen to be a dragon. I was called up to meet Abaddon and Draco. It turns out Draco was my father. How though is very weird. Draco can turn into a human and dragon by his own will. So it was mating season for Draco and he went out and selected as many mates there were. I had dragon blood in me. I was asked by my father if I would want to be a dragon for eternity. Even also to train young ones the dragon slaying magic. I agreed and so I became a dragon."

"Wow that is a wonderful story."

"Yes it was but remember I wasn't the only dragon to be asked about this."

"Oh yeah I forgot about the other dragons."

Igneel smiled but soon it started to fade away. Natsu notices it and asked Igneel if he's alright.

"Yes Natsu but there is something I must tell you."

"Sure what is it dad?"

"You must know I'm not your real father but mostly your stepfather."

"Well to be honest I already knew about that."

Natsu was mostly the only one who knew because his friends were shocked.

"Good but there is one more thing."

Natsu began to become curious and so were his friends.

"Natsu you died four hundred years ago but someone brought you back to life."

"Wait what do you mean?"

"Natsu, you have a brother and he was the one that brought you back to life."

Natsu couldn't comprehend on what's going on and also his friends.

"Then whoâ€|whoâ€|who is my brother?"

Igneel took a deep breath and said," It's Zeref."

The name echoed into Natsu's head and out of nowhere he pasted out. Lucy and Gray came to Natsu's aid but Igneel turned around and begin to walk away. Lucy notices it and said," What are you doing! Natsu needs you right now and you're going to just leave him like this!?"

"I was brought here to tell him that by Zeref himself. Besides I can see his dreams. Once he wakes up, he might need you more Lucy."

Lucy was a little shock by that. The fact that Natsu would need her and that he is probably thinking about her right now. Igneel on the other hand left them alone and returned back to Abaddon's home world. Time past and they were just waiting for Natsu to wake up.

"Gray, Juvia thinks we should let Lucy be alone for a while."

"Hmm maybe you're right. Lucy will you be alright by yourself?"

Lucy nodded then said," Yeah I wouldn't mind."

Gray nods and he left with Juvia by his side. Lucy was now alone with Natsu and was still thinking about what Igneel just said.

("I wonder if he is dreaming about me. I mean in what way he is dreaming about me. A friendly way or a love type way?")

Lucy just couldn't stop thinking about it or Natsu himself. The more she looked at him. The more her heart begins to pound in some kind of pain. So she decides to get closer to Natsu's out cold body. Her face was now close to his face.

"I never thought he would look so adorable up close when he is sleeping."

Without even thinking Lucy kissed Natsu on the lips. She then break away and was feeling some weird intensions in her. All of a sudden she starts to hear chuckles coming from behind her. She turns around and it was Happy. She screamed but her scream of course didn't wake up Natsu.

"When did you get here you stupid cat!?"

All that Happy said was "You love him."

Lucy felt annoyed but soon begin to laugh and smile as brightly as ever.

"What's so funny Lucy?"

"Well it's like what you said right now."

She looks over at Natsu and rubbed his head.

"I do love him."

Chapter 6: A Return An Old Friend

The next morning had started and Lucy was sleeping on the floor of her room. Natsu body is sleeping on Lucy's bed because of what happened last night due to what Igneel have told him. Lucy awoken from her slumber and when she looked over at Natsu. She was shcok to discover of what happen. Natsu has awoken from his slumber.

"Natsu! You're finally awake."

No words came out of Natsu and Lucy was curious. She looked over at Natsu and his face wasn't showing any positivity.

"Natsu is everything alright?"

Natsu looked at Lucy and said," No. Everything just doesn't feel right for me. Knowing that I was died for four hundred years just isn't right."

"Natsu what do you mean?"

Natsu ignored Lucy's question and continued on what he was saying.

"Zeref? Zeref? Out of all people, Zeref is actually my brother. Why? Why would he just leave me all alone? What happen to our family? What happened to me? Should I even be alive to this day? Maybe I should just-

SLAP

Lucy slapped Natsu in the face and Natsu was just stunned from what she did.

"Please Natsu. Don't talk like that. You only make me more hurt then yourself. It dosen't matter what happened to you in the past." Tears began to form in Lucy eyes. "Natsu! I will always be there for you! No matter if your died or alive! I will always follow through your footsteps!"

Natsu was so shock by what Lucy was saying. Then he gave her a big hug and Lucy wasn't even ready for it. All that Lucy said was "Natsu."

"It's okay Lucy and your right. I shouldn't be thinking about that. I should be thinking about protecting the ones I truly care for and also."

Natsu look at Lucy face.

"I shouldn't make the one I love cry."

Natsu then gave Lucy and kiss on the lips and Lucy was just shock. She then though began to enjoy it and they were kissing for about a few minutes. Once they broke their kiss, Natsu began to chuckle. Lucy was curious about that.

"Hey, what's so funny?"

"Well you see it's like I was returning the favor for what you did to me."

"What favor?"

It took a while for Lucy to understand what Natsu was saying. Then she found out.

"Wait! You been pretending to be pasted out this whole time!?"

"Yeah. I just wanted to see if my prediction was right and it sure was."

Lucy was giving Natsu an anger look and right when she was about to punch him. Her door was being knock by someone.

"I'll answer the door and when I'm done you're going to get it!"

Natsu was a little scared for the moment. Lucy walked over to the door and unlocked it. When she opened it, she was surprise to see two familiar faces.

"Oh my god is that you Levy!?"

"It sure is me."

"Wow you look a little different now."

The other guest was annoyed and said," Hey blondie! Did you forget about someone?"

"Not at all Gajeel."

She let the two in. Once they were in, Natsu and Gajeel already began talking about what happened to them after Fairy Tail disbanded. Levy was doing the same thing with Lucy.

"Wait so you, Gajeel, and Lily headed east."

"Yeah, Gajeel wanted to return to his hometown and stay there for a while. So I asked if I can come. At first he disagreed on it but Lily helped me out."

"Oh speaking of which, where is Lily?"

"When we're arriving back to Magnolia. We spotted Wendy, Happy, and Carla eating at a food store. So Lily decided to stay with them for a while."

"Okay but also are you and Gajeel a thing now."

Levy just sighed but said, "Well I did try to get a little closer to him but he keeps ignoring me. It's annoying but I bet he loves me no matter what."

"Hey book reader!"

Levy and Lucy turn to see Gajeel standing next to them. Gajeel squatted down to where Levy face is at. Levy blushed a little but ignored it.

"I already told you not to be calling me that."

"Fine but look at me for a second."

Levy looked at Gajeel and Gajeel kissed Levy in the lips. Levy including Lucy were shock by it. After Gajeel was finished he looked back at Natsu and said, "See I told you I already got my kiss fire boy."

"It's not much the same Gajeel but it doesn't matter."

Gajeel returned back with Natsu and Levy was just silent.

"Um Levy are you alright."

Levy shook her head and looked back at Lucy.

"See I told you he still loved me till this day. Besides at least I beat you to it."

"Well actually I kissed Natsu yesterday so I guess I win."

Levy felt disappointed.

"Oh I guess then but I will be the first to have a child before you."

"Okay, Levy I think you are taking this way too far."

Levy snapped out of it and regain her control.

"Yeah you're right sorry."

"Nah it's all good."

Natsu and Gajeel then returned back to Levy and Lucy. There Natsu told Levy what had happen recently. Levy was very surprise and shock by it.

"So Zeref is your brother Natsu?"

"Yeah it turns out he is."

"Wow but what is this Dragon Awakening?"

"I don't know but Igneel will tell me about it during our training."

"Okay."

"Okay!" shouted Gajeel. "It's not fair that this fire eater is going to be stronger than me. I just finally reached his own level."

"Don't worry Gajeel. Maybe Abaddon can do the same for you."

"Yeah maybe you're right Natsu."

"Of course he's right" echoed a familiar voice.

A bright light appeared before them and when the light disappeared, Abaddon was present.

"So this is Abaddon?"

"Yes I am and nice to finally meet the iron dragon slayer."

"Wow that is nice to hear."

"I bet it is but I am here for Natsu."

Everyone looked at Natsu. Natsu then said," Wait I thought you said my training will be in three days?"

"I did but you know day three is tomorrow?"

Natsu felt stupid because he forgot to ask his friends what day it was.

"But wait then why are you here if the training is tomorrow?"

"Well I heard what you said about bringing your friends to watch you train. So in order to do that I need to pick all of you guys early. I already picked up Wendy, Happy, Lily, Carla, Gray, and Juvia."

"Oh okay then but how long will the training will be?"

"For about four weeks so I suggest you guys get you stuff ready in about fifteen minutes."

Everyone in the room got on track right when Abaddon finished his sentence. Lucy got here clothes that she will be wearing and Natsu

didn't really have much stuff because he wears almost the same clothes. Levy and Gajeel's belongings are at Gajeel's hometown.

"Wait our stuff is at our house," said Levy.

"I don't mind wearing the same clothes."

"Well I do Gajeel."

Abaddon went over to Levy and said, "It's alright. At my home world, each room has its own clothing. So there is no need to worry."

Levy felt relieved and Gajeel really doesn't mind that.

Everyone got all of their belongings and so Abaddon told them to grab hold of him. Everyone did and they got shot up to Abaddon's home. Once there Levy felt very amazed by the beauty of the palace.

"This is your home Abaddon!?"

"It is Levy my dear."

Gajeel heard that word come out.

"Hey buddy don't try anything funny with my girl."

Levy was very surprised to see Gajeel be protective around her. Abaddon just smiled and said, "Oh I know Gajeel. It was only a test to see if you care for her."

They began to walk and Levy just couldn't stop thinking of what Gajeel did. They all stop because Abaddon wants to introduce them to Draco. Igneel of course is with him but both of the dragons were in their human form.

"Everyone I would like you all to meet Draco. This is my dragon that taught me the god dragon slaying magic."

Draco human form had a silver like hair color. His eyes were white and gold. He wore a gold and white long jacket and white pants with a gold chain. His shoes though are silver. Natsu notices it and was curious on the way dragon's clothing are as humans.

Igneel walked up to them and welcomed them to his homeworld. Gajeel was very surprised to see Natsu's father back alive once more and as a human.

Abaddon then began to speak.

"Okay I have a list on who will be sleeping together with."

Everyone already knew on who they are going to sleep with.

"Natsu you are with Lucy. Levy you are with Gajeel. Now dinner starts in about thirty minutes but it will be a fancy dinner so dress nicely. If you don't have nice clothes there are a set of clothes in the rooms closest. Draco and Igneel show them where their rooms are."

"Yes sir," said both of the dragons.
